

Queensland State Championships Beach Events - Saturday

Below is a program for the Beach Events based on nominations. We will be conducting the events as per this timed program. Start times will be adhered to, however, due to unforeseen circumstance they may be slightly after stated time but competitors are to adhere, **strictly**, to the times set below for marking off and marshalling.

Competitors are to **personally** mark off their names with the Marshall at least **15 minutes** prior to the programmed start time of their event. If this is not done they will **not** be permitted to start.

5 minutes before the event start time, competitors will be marshalled to the start line. Again, if you are not present after 2 calls of your name, you will not be permitted to start.

All finals of the Sprints will be held on Sunday.

It is the responsibility of all Team Managers and Clubs to ensure that the competitors are fully aware of these requirements. Ignorance of these rules will not be an excuse that is accepted.
